

Process To Collect Loose Negative Karmic Threads

This is something that each and every one of us can do to help Mother Earth before our Ascension. You do not need to leave your home to do this process!

Animals and nature, neither lives nor creates karma if they are left alone. But, when we human beings are clearing forests, cultivating farmlands, keeping livestock and even having pets, then we tie them in to our karma. Now, more and more of the karma is ceasing to exist, since we in the end of this process and Earth's process, is going to release ourselves from all karma. Karma exists in many forms and sizes, good and bad and so on.

There has been a complicated web of actions and counter actions, but it is also more than that. Everything that humans have done has created a spiritual tangle of karmic threads which now needs to be detangled and be put in order in a neat and nice way. Otherwise the threads would be in the way of Mother Earth's ascension in to her higher dimension.

On New Earth, we humans shall start from zero, without karma and in harmony. We can help to release karma, so that its threads can be detangled and taken away.

To collect loose negative Karma threads:

1. Go out in nature to a place of your choice or stand in the middle of a city.
2. Imagine that you have a big spiritual net.
3. Ask permission to have access to the Light of the Light.
4. Ask permission to collect loose karma threads in a very wide radius around you.
5. Then start to collect the loose karma threads and watch how the net fills up.
6. When the net is full, imagine a golden sphere in front of you and collect it into your net.
7. Imagine and see inside of you how the golden light melts the threads. Through the holes in the net a silvery shimmer drips down onto the ground. This gives nourishment and harmony to Mother Earth.

This Process has been given to us by Channie Cha from the NET courses, to help with our Spiritual Evolutions and Shit to New Earth.
